EDUCATION

2020-2024
KRISTIANIA UNIVERSITY
COLLEGE

- IT Bachelor - Frontend and Mobile development

LANGUAGES

- Norwegian - Native
- English - Fluent
- Serbian - Very good
- Croatian - Very good
- Bosnian - Very good

PROFILE

I am a developer from Norway with an IT bachelor from Kristiania University College. I have experience across frontend, mobile, and some backend development, and I enjoy building intuitive solutions from idea to finished product. I am highly motivated to create technology that makes real impact in everyday life, and I am eager to start my career in a professional environment where I can continue to learn, contribute, and grow both as a developer and as a person.

SKILLS

Frontend

JavaScript, TypeScript, React, Vue

Mobile development

React Native, Swift, Kotlin, Ionic

Styling & markup

HTML5, Tailwind (CSS)

Backend/other

Java, C#, Python, SQL

Tools and work methodology

Claude, Google AI Studio, Antigravity, Kling, Figma, Canva, Git/GitHub, REST-APIs, Teamwork and agile development

WORK EXPERIENCE

Freelancing & Design

2024-Now

Clerk, KIWI, Hovsveien (Askim)

2024-Now

Clerk, REMA 1000, Sofienberg (Oslo)

2022-2023

Clerk, REMA 1000, Askim

2019-2021

OTHER RELEVANT EXPERIENCE

Officer & Active Member | World of Warcraft

- Active member for over two years in the world's best 2-day raiding guild; officer for the past year
- Collaborating with a 20+ person team to plan and execute complex, high-stakes objectives requiring precise coordination
- Contributing to structured processes for recruitment, scheduling, and performance review to sustain long-term team success
- Communicating clearly within a distributed team, including making time-sensitive calls when needed

PERSONAL CHARACTERISTICS

- Willing to learn and curious.
- Structured and responsible.
- Thrives both independently and in a team.
- Strong interest in technology and development.

PROJECTS

Bachelor Project - React Native application

Kristiania University College

- Developed a mobile application in React Native with Firebase as Backend.
- Worked with the entire development cycle from planning to implementing.
- Design and prototyping in Figma, with a focus on accessible design.
- Collaboration in teams with structured workflow and clear roles.

Portfolio projects

A selection of my previous projects can be found at the link below. Please note that the portfolio is still evolving and may not yet properly reflect all of my work. I will continue to update it as I grow and develop further as a developer.
